## Next Meeting

### International Potluck

Thursday, Jan 19 at 6:00 PM.  
Church of Christ  
9955 Bunkum Rd.  
Fairview Hts. IL

Pick a country, study it with the family, and prepare a display about it with facts, stats, interesting info, religious percentages, and photos. Set out any items you may have that may be from there, or that represent that country. Snacks and goodies are a plus!

But this is also a potluck meal, so bring a dish to share (from your country, if possible).

Don't have time to do the display? No problem. Come along anyway for the potluck and fellowship and enjoy the displays.

Cash prizes for the top three displays, so put forth a good effort!

So what is Junior Achievement?

Junior Achievement of Greater St. Louis offers two of our financial literacy/work readiness/entrepreneurship programs to the homeschool community: JA BizTown and JA Finance Park.

**JA BIZ TOWN** is a mini-city in which kids discover how the "real world" works. Each day, about 100 fourth- sixth graders become JA BizTown "citizens" where they work in one of 17 businesses, make financial decisions, pay taxes, and donate to charity.

After 12 classroom lessons, students come to JA BizTown for the learning experience of their lives! Each citizen has a job for the day, gets paid twice, manages a checking account, shops, may be interviewed on TV and much more. The time spent at JA BizTown may be only one day, but the impact that this experiential learning provides will last a lifetime!

March 27, 2022.

**JA FINANCE PARK** - 7th -12th grade students are given the rare opportunity to experience their personal financial futures first-hand. The experience begins in the classroom with 12 lessons of JA-provided curriculum that culminates with a day at JA Finance Park.

Upon entering the center, students receive a 'life situation' with job, income, education, and family scenarios. The simulation is designed as a community including financial services, housing, transportation, insurance, entertainment, communications, utilities, and more.

Students explore and learn about different budget categories, create a budget, make purchasing decisions, and pay for their expenses. Tablet-based. JA Finance Park
